Our West Omaha office is in the South Professional Building of Lakeside Health Park, and is located just Northwest of 168th and West Center Road near Lakeside Hospital.

The entrance is located on the west side of the building under an overhang that says “Professional Center South”.

From 168th and West Center, go West to S. 171st St. Proceed North to Lakeside Hills Plaza and take a right (East). You will then see the Professional Center.
